RE: Request Received: Media inquiry about Canadian airspace regulations

Hello,

Would you be so kind as to provide me with an update regarding my original **follow-up media inquiry sent on October 19, 2023?**

I am attaching a PDF visual reference of that to this follow-up inquiry for your convenience and as a refresher.

It has been now about **40 days** since that original follow-up media inquiry has been sent to you, but I have yet to receive a response addressing my questions.

Please note that I still have yet to **publish Part 4 of my series on Geoengineering and Weather Modification in Canada. It will either be published in mid-December or early January.** I would thus like to include your response in that post so as to provide my thousands of readers with answers to these questions. They, like me, deserve transparency regarding these issues which are of importance and concern to many Canadians.

I thank you in advance for your kind and prompt follow-up.

Respectfully,

Dan Fournier, Independent Investigative Journalist,
