Final Thoughts

The subject of the **paranormal** never ceases to fascinate people from all around the world and all walks of life. Its **mysteries** extend far beyond the realm of human comprehension.

Evidence of **ghostly manifestations, spirits – both human and inhuman (evil)** as well as hauntings are indeed real and are substantiated by rather abundant and incontrovertible evidence. There will always be many who choose ignorance or denial about these types of phenomena, perhaps out of fear of the unknown and dangers they represent.

Negative and evil spirits and **spirit energy** do exist and people need to be very cautious about opening **channels** through which they can manifest. Using conjuring tools such as Ouija boards and the like should definitely be avoided.

Final Thoughts

While it is great to be informed and even empowered about **mystical knowledge**, it is of critical importance to use it carefully and wisely.

Through this exposition, I have tried to present the basic crux of **paranormal phenomenon** in a way that is accessible to all – including the non-believers and hardline skeptics. Though I have only scratched the surface, I invite you to learn more about this thrilling subject.

As more **knowledge** and **research** into paranormal phenomenon along with even deeper investigatory practices emerge, we will undoubtedly be offered a greater understanding of this enigmatic subject matter.

In the follow-up course **Paranormal Phenomenon II**, we will explore **psychic abilities** such as **clairvoyance**, **precognition**, and **telekinesis**.
